ARYAN SRIVASTAVA

Data Analyst | B.Sc. Computer Science (Data Science)

Noida, Uttar Pradesh | +91-8707566253 | aryansrivastava292005@gmail.com | LinkedIn | GitHub | Portfolio

EDUCATION

BSc Computer Science — Specialization: Data Science 2024 – 2027 (Expected)

Galgotias University, Greater Noida, UP — 3rd Year | 5th Semester

SKILLS

- **Programming Languages:** Basic Python, C, SQL
- **Data Skills:** Data visualization using Tableau, Data cleaning, MS Excel, Basic Power BI
- **Developer Tools:** Git & GitHub, VS Code
- **Core Concepts:** Basic OOP, Basics of Algorithms, Basic SQL
- **Soft Skills:** Quick Learner, Attention to Detail, Team Collaboration, Time Management, Effective Communication, Goal-Oriented & Result-Driven, Problem Solving.

CERTIFICATIONS

British Airways Data Science Job Simulation September 2026

Forage — Virtual Job Simulation

- Completed a virtual job simulation focused on data science for the aviation industry, working with real-world style datasets.
- Applied PowerPoint and Excel to analyze data and present findings in a clear, business-ready format.

Deloitte Data Visualization Job Simulation September 2026

Forage — Virtual Job Simulation

- Completed a virtual job simulation focused on data visualization and analytics consulting.
- Used Microsoft Excel and Tableau to clean, visualize, and interpret data for business insights.

Tata Data Analytics Job Simulation September 2026

Forage — Virtual Job Simulation

- Completed a virtual job simulation with Tata iQ focused on data analytics consulting, identifying key business problems and translating raw data into actionable insights.
- Cleaned, analyzed, and visualized data to support strategic business recommendations.
- Presented findings through a structured report aimed at senior stakeholders.

Data Analytics Internship 2025

Code Alpha — Online Internship Certification (3 Weeks)

- 3-week internship covering data cleaning and interactive dashboard creation.

Python Programming Internship 2024

CodeSoft — Online Internship Certification

- Hands-on Python projects covering scripting, automation, and real-world applications.
- HackerRank Problem Solving Certificate (Ongoing).

PROJECTS

Sales Data Analysis Dashboard

- Analyzed and cleaned raw sales data to prepare it for reporting and visualization.
- Built an interactive dashboard to track sales trends, performance, and key metrics.
- Used Excel/Power BI for data cleaning, visualization, and insight generation.
- Presented findings in a clear, business-friendly format to highlight actionable insights.

3D Personal Portfolio Website

- Developed an interactive 3D portfolio website showcasing projects, skills, and achievements.
- Integrated LinkedIn, GitHub, and contact sections for professional networking.
- Built using HTML, CSS, JavaScript, and modern UI design concepts.
- Focused on responsive design and user-friendly interface.

PROFILES & ACTIVITIES

- **GitHub:** Actively maintaining repositories for academic projects and personal coding practice.
- **LinkedIn:** Building a professional network and staying updated with industry trends in software development.
