Greater Noida, Uttar Pradesh, India

EDUCATION

BSc Computer Science — Specialization: Data Science 2024 – 2027 (Expected)

Galgotias University, Greater Noida, UP 2nd Year | 4th Semester

- Relevant Coursework: Data Structures, Object Oriented Programming, Database Management Systems, Operating Systems, Computer Networks

SKILLS

Programming Languages: Python, C, Java

Data Skills: Data Entry, Data Analysis (Basics), MS Excel, Google Sheets

Developer Tools: Git & GitHub, VS Code, HackerRank (Problem Solving)

Core Concepts: Basic OOP, Basics of Algorithms, Basic SQL

Soft Skills: Quick Learner, Attention to Detail, Team Collaboration, Time Management, Effective Communication, Persuasion & Negotiation, Customer-Centric Mindset, Goal-Oriented & Result-Driven

CERTIFICATIONS

Python Programming Internship 2024

CodeSoft — Online Internship Certification

- Completed hands-on Python projects during the internship program covering scripting, automation, and real-world applications.
- HackerRank Problem Solving Certificate (Ongoing) — Actively solving challenges in Python, C, and Java on HackerRank to build competitive programming skills.

PROJECTS

Python Automation Scripts | Python | GitHub

- Developed utility scripts for file management, basic data entry automation, and text processing as part of the CodeSoft internship.

Student Grade Calculator | C Programming

- Built a console-based grade calculator in C that computes GPA and percentage from student marks input — demonstrates strong grasp of arrays, loops, and functions.

PROFILES & ACTIVITIES

- **GitHub:** Actively maintaining repositories for academic projects and personal coding practice.
- **HackerRank:** Regularly solving algorithmic challenges to sharpen problem-solving skills in Python, C, and Java.
- **LinkedIn:** Building a professional network and staying updated with industry trends in software development and data science.
